Walraven Inc.  
500 Cane Creek Pkwy,  
Ringgold, VA 24586

Subject: Build America, Buy America,

To whom it may concern,

The undersigned certifies that the Strut Channels, brand named by Walraven RapidStrut, are in full compliance with the BABA requirements including:

1. All steel used in the products is produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. This has been verified with our steel suppliers.
2. All strut channels are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.
3. We are not using any foreign produced steel or selling any foreign produced strut at this time.

If you have further questions, please feel free to reach out to me,

With kind regards,

**Tom Eberly**  
Plant Manager
